

## COVID-19 Pandemic: Dental Treatment Consent Form

Even after following protocols set by the American Dental Association and our state's dental association, it is still possible to contract COVID-19 while at a dental office. We are following all guidelines to minimize the risk of transmission.

- I knowingly and willingly consent to have dental treatment completed during the COVID-19 pandemic.
- I understand that the COVID-19 virus has a long incubation period during which carriers of the virus may not show symptoms and still be highly contagious. \_\_\_\_\_ (Initial)
- I understand that — due to the frequency of visits of other dental patients, the characteristics of the virus, and the characteristics of dental procedures — I have an elevated risk of contracting the COVID-19 virus simply by being in a dental office. \_\_\_\_\_ (Initial)
- I confirm that I am not presenting any of the following COVID-19 symptoms: \_\_\_\_\_ (Initial)
  - Fever
  - Shortness of breath
  - Dry cough
  - Runny nose
  - Sore throat
- I confirm that I have not been in contact with a person who has been diagnosed with COVID-19 within the past 14 days. \_\_\_\_\_ (Initial)
- I understand that air travel significantly increases my risk of contracting and transmitting the COVID-19 virus. And the CDC recommends social distancing of least six feet for a period of 14 days to anyone who has recently traveled, and this is not possible with dentistry. \_\_\_\_\_ (Initial)
- I verify that I have not traveled outside the United States in the last 14 days. \_\_\_\_\_ (Initial)
- I verify that I have not traveled domestically within the United States by commercial airline, bus, or train within the last 14 days. \_\_\_\_\_ (Initial)
